

SOCIALIZATION

Chapter Five

What is Socialization?

Doob- the process by which a person becomes a social being...

...the process through which people acquire personality and learn the ways of a society or group.

What do we as children learn through the socialization process?

◆ *Acceptable patterns of behavior'*

◆ *Social roles*

◆ *Language*

◆ *Values of our culture*

◆ *When does socialization start?*

◆ *When does socialization end?*

Personality

 *...the pattern of thoughts, feelings, and self-concepts that are the special qualities of a person.*

Clyde Kluckholm - Anthropologist

“Every man is in certain respects:

Like all other men-

Like some other men-

Like no other man.”

Nature versus Nurture

Personality development occurs as a consequence of the interplay of:

◆ *Biological inheritance*

◆ *Physical environment*

◆ *Culture*

◆ *Group experience*

◆ *Personal experience*

Theories of Socialization

- 👉 *Self- (At the core of the personality)*
- 👉 *Doob- ...is one's perception of his or her own person.*
- 👉 *...the individual's conscious experience of a distinct, personal identity that is separate from all other people and things. Examples!!*

Looking-Glass Self

☞ *Charles Horton Cooley-*

☞ *“Looking-Glass Self”-*

☞ *The Self is a social “product” developed through encounters with others.*

☞ *Shakespeare-*

☞ *“...each to each a looking-glass, reflects the other that does pass.”*

Development of the Looking-Glass Self

Doob-...

Imagining our own appearance

Doob-...

Interpreting the reaction of others

Doob-...

How we feel about those reactions,
(Developing self-concept)

Development of Self: Cont'd

George Herbert Mead-

Divided the Self into two parts;

“I”-represents the spontaneous, unique, and natural traits of the self.

“me”-represents the social part of the self, the internalized demands of society and the individual’s awareness of these demands.

Formation of the Self

- The “me” forms during the socialization process in a three-stage process:*
- Imitative Stage-*
- Play Stage-*
- Game Stage-*
- Mead- The “I” is never completely under the control of the “me.”*

Freudian Theory of Socialization

👉 *Sigmund Freud - Emphasis on...*

👉 *Personality is divided into three parts:*

👉 *“id”-*

👉 *“superego”-*

👉 *“ego”-*

Freud's Psychosexual Stages
